

October 8th - 11th, 2025

North Fork Carson River • Humboldt-Toiyabe NF
4 days (3 nights)

See Like A Beaver!

Design Like A Beaver!

Build Like A Beaver!

Join us to learn the most up to date theory and practices in Process Based Restoration from experts in the field!

This CAL-PBR Training includes online lectures and 4 days of tours, discussions, and lots of onsite building opportunities. Morning coffee and evening meals are provided. This training is offered at no cost to tribes.

- **Work alongside the most experienced instructors and practitioners in the region.**
- **Learn to look at the landscape from a watershed perspective and develop designs with this in mind.**
- **Understand how design decisions impact overall restoration goals, and how implementation over time can achieve those.**
- **Gain understanding of different structure types, when and where to employ them, and how to build them!**
- **Get information on the most recent innovations and research.**
- **Make great connections with others involved in this amazing work!**

To Register and learn more, visit:
www.calpbr.org/BLAB2025

Space is limited! New attendees are encouraged to sign up before September 1st, 2025.
